

Connecting

WITH YOUR CHILDREN AT HOME

While we continue working to stop the spread of COVID-19, take advantage of the extra time at home with your children by making memories and getting creative!

Here are a few ideas for at-home fun:

-  Set up an **obstacle course** or draw one with chalk.
-  Put on a **fashion show!**
-  Make a **fort** out of blankets or sheets.
-  Write and illustrate a **book** together.
-  Make your own maps and go on a **treasure hunt!**

All parents need support, and everyone can play a role in creating happy childhoods. For parenting tips, trainings, and information to help you protect your kids, visit www.meck4kids.org/parents. April is Child Abuse Prevention Month.
